Jon Pepe
AFSCME Local 391
109 Elm Street
Enfield, CT 06082

Dear Mr. Pepe:

On behalf of the 103rd Composite Squadron of the Connecticut Wing, Civil Air Patrol, I would like to thank the members of AFSCME Local 391 for the very generous donation of a Global Positioning System, which you presented to our squadron recently.

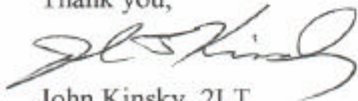

The Civil Air Patrol is very involved in providing Emergency Services – search and rescue, disaster relief and support of homeland security and counter drug measures. The GPS unit donated by Local 391 will greatly enhance the ability of the 103rd Composite Squadron to effectively perform its mission in these areas.

In fact, our squadron was able to put the GPS into actual “real-mission” use in support of TOPOFF 3, a large scale training exercise conducted this week in Connecticut, New Jersey and internationally.

We greatly appreciate the recognition of the efforts we are making to shape future leaders of our communities through the Cadet Program and we thank Local 391 for their support of that effort.

Please pass on to the members of Local 391 the gratitude and thanks from the members of our squadron.

Thank you,

John Kinsky, 2LT
Commander
103rd Composite Squadron
Civil Air Patrol
United States Air Force Auxiliary
